## Sport or Challenge Averages Adjusted to Standard

The Sport and Challenge Conversion Chart is used to convert a bowler's Sport or Challenge average to a Standard average, and vice versa, for leagues and tournaments. The conversion chart is not considered a "re-rate" of the bowler. Its purpose is to allow for a fair adjustment so the bowler's entering average is what would be expected of the bowler on the lane conditions of the league or tournament.

Note: If converting Standard to Challenge average, and your averages is not listed, move up one (1) pin and convert. For example, a 174 Challenge average converts to 163 Sport average and 189 Standard average. If the average is listed twice, convert to the higher of the Sport and Challenge averages. For example, a 214 Challenge average converts to a 199 Sport average and 227 Standard average.
