RANKINGS

The unofficial ranking of Washington area bowlers for the 1978-79 season has been completed and a new "king of the hill" sits on the throne: Bobby Michaelson, who succeeds Ray

Shackelford as the top-ranked bowler. Congratulations, Bobby. For the record, ABC Rule 23 reads: "that using averages for classification purposes, the extra pins shall be

reduced to a percentage of a pin for deciding individual positions of standings." The ranking bowlers published in this issue were computed on that basis. . . . President Mal Evans
