

# Bowling Executives Stage Successful Tournament

## Everybody was a winner at the First Annual 3 C's event

The First Annual 3 C's Tournament held at Bowl America Shirley proved to be a successful event when 78 members of the Men's, Women's, Juniors and Bowling Proprietors' Associations staged a bowling event that had no cash prizes. The theme of the event centered on the idea of promoting *cooperation, consideration and communication* between the local membership organizations of the ABC, WIBC, YABA and BPAA.

The idea of the event came from the stirring address of WIBC President Helen Baker at a bowling proprietors' convention in which she stressed the need that the membership organizations should always be mindful of the 3 C's of bowling between the membership organizations.

NCABA 3rd VP Tom Carroll (male high handicap game—262) and Tena Boone.

The local membership groups working with the bowling proprietors put the idea into practice with a bowling tournament followed with a lunch so that the officers and directors of each organization could get better acquainted with each other and exchange views.

NCABA Treasurer Nick Lawrence, YABA Rep. Maxine Brothers (female high handicap game—236), and WDCAWBA President Ginny Thoms.

President Ginny Thoms, Terry Gipson (proprietor high series handicap—679), and Fair Lanes District Manager (and MWBPA President) Jerry James.

To establish some records they agreed on awarding seven trophies which were won by:

*Rosie Hendershot*, Manager Bowl America Manassas, High game scratch 205

*Jerry Winchester*, Director NCABA, High game scratch 248

*Maxine Brothers*, Vir-Mar Junior Coach, High game handicap 236

*Tom Carroll*, Vice President NCABA, High game handicap 262

*James Stewart*, Director NCABA, High Series handicap 696

*Terry Gipson*, Asst. Manager Shirley Bowl, High series handicap 679

*Nora King*, Director WDCAWBA, High series handicap 634.

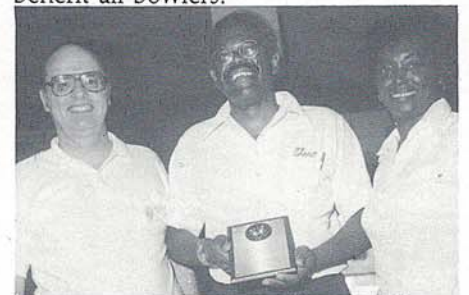

Bowl America Regional Manager Don Armel and female high game winner Rosie Hendershot (205), Manager of Bowl America Manassas.

The success of this unique event was measured by the smiles and warm greetings exchanged by the contestants, many of whom were aware of the names of others but had never met before. Bowling together and a lunch following gave everyone an opportunity to get

better acquainted and discuss minor problems that occur during the year.

Everyone was a winner as each contestant and guest was presented with a unique souvenir of the occasion that will remind them of the theme that will benefit all bowlers.
