FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following tables list the 25 bowlers with the most games bowled for the past 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2006-07 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average compares with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Don Freeman and John Cover are co-leaders on the 25-year list replacing Roger Tarr who fell to fourth place on the 25-year attendance list after missing all but four weeks this year.
- Scott Williams now leads the 20 and 15-year lists in games bowled. Scott has only missed five nights of bowling the last sixteen seasons and has had perfect attendance in fourteen of the twenty years he has bowled in the Commercial League.
- With yet another season with perfect attendance, Dave Chittum continues to lead the 10-year and 5-year lists in games bowled. Dave has missed one night in the last thirteen years and is the only bowler with perfect attendance the last five years.
- Terry Wiley holds high average on the 25, 20 and 15-year lists. Willie Williams has the high average on the 10-year list and Chhoeun To carries the best composite average of the bowlers on the 5-year list.

2006-07 Commercial League Perfect Attendance

A total of 32 bowlers maintained a perfect attendance record during the year. Chhoeun To and Bruce Lord are included as they bowled each of the 35 weeks.

2006-2007 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH & FAIRFAX
HIGHLIGHTS FROM WEEK #35 - 9 MAY 2007

Congratulations to our league champions - team # 1, Bowl America Gaithersburg, as they prevailed 19-13 in a tightly contested championship match with team #18, Scarfcheesi XXI. The outcome wasn't really decided until frames six and seven in the third game when a couple doubles by team # 1 and a couple opens on team #18's part swung the match in team 1's favor. In the 'consolation' match between the second-place teams, team #12 had an easier time in of it as they won each team game in defeating team #16 by a 25.5-6.5 margin. Kudos to each of the top four teams on having a great season!

The week 35 overall league average was 195.5 with 'A' bowlers slightly out averaging the 'B' side (195.8-195.1). Mike Herman had both the high game (289) and the high series (783) in the final week. There were five other 700s rolled - Mike Boyd 747, Chris Durst 738, Bill Bennett 710, John Davis 707 and Gabe Kiblin. Bill Bennett's 710 series was 143 pins over his average to give Bill star-of-the-week honors.

Several teams managed to improve their lot within their division in the final week's position round. In 'A', Reggie's team #11, Over The Hill Gang, moved up to third place by taking 23 points from team # 5, What The Bleep?/!. Team # 6, Sober One, moved up a spot to finish fifth and team # 7, V-cream, jumped two spots to finish sixth. In 'B', teams #22, I.H.N.I, and #20 each moved up a spot to fourth and fifth, respectively, as team #28, Sports Plus/Carmen Don, fell from fourth to sixth. Team # 7, V-cream, had the best team series in week 35 with a 2891 total behind Mike Herman's 783 and John Davis' 707.

Tim Davidson clinched the league's high average finishing at 224.9. Chris Durst's sixth 700 (a 738) in the eleven weeks we bowled at BA Fairfax locked up second-high average at 223.8. Chris also won the individual points won category with 105 points. Dave Chittum (89.5 points) took second place in the individual points won category while Thy Kong (87.5) finished third.

Four-In-A-Row 600+ Club

Chris Durst (738) ended the season with twenty-in-a-row. Mike Ladd's 674 gave him nineteen-in-a-row at league's end. An injured and idle Darryl Roberson finished with fifteen-in-a-row. Glenn Terrell (651) moved his string to nine-in-a-row and John Tragert (673) finished with seven-in-a-row. RECORD SETTING NIGHTS FOR 2006-2007

The overall league average for the season of 198.3 was definitely adversely impacted by the move from Falls Church to Fairfax in February. The average at Falls Church for the first 24 weeks was 199.89 while the league's Fairfax average for the last 11 weeks was 194.86. All the season highs were set at Falls Church, including the highest scoring night in week #24 - our last night at Falls Church. A brief summary of the season's best nights follows:

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

Team #10, Anderson Essentials, became the first and only team in five years of using our current format to go a perfect 32-0. Five other teams came close this year by going 31-1 (teams #1, #5, #18, #19 and #28). Even winning more than 28 points or more in a match is no easy task. This season that was only done 63 times in the 490 matches that took place. Teams #1 and team # 7 won 29 or more points on four different occasions.

The following table shows the number of times that each team won the number of points indicated in the last eight columns.

WHAT WAS YOUR FAVORITE HOUSE - FALLS CHURCH OR FAIRFAX?

With our league bowling in two different centers this year, the data suggests that most of us will be glad to get back to Falls Church. Chris "Fairfax" Durst was the obvious exception as he averaged 20 pins higher at Fairfax versus Falls Church (237.5 vs 217.6). Only two of our teams averaged higher at Fairfax - team #18 was +3.43 pins and team #11 was +.08 pins. The next several pages provide a detailed team-by-team and lane-by-lane break down.

EVEN MORE TEAM STATS

TOP WINNING PERCENTAGES The table below lists the top five teams in each division with the best winning percentages for regular rounds, divisional position rounds, and interdivisional position rounds. Team # 7 had the best winning percentage in any category by posting an 99-29 record during 'A' vs 'B' position rounds for a .773 winning percentage. The league champs, team # 1, and team #11, the third place finishers in 'A', were the only two teams that placed in the top five winning percentages in each of the three categories.

- Six teams posted a .500 or better winning percentage in each of the three categories - three in 'A' teams (1, 11, and 12) and three 'B' teams (15, 16 and 18).

- Although team #23 had better than a .500 winning percentage in regular rounds and divisional position rounds, their .129 winning percentage in 'A' versus 'B' position rounds (based on a 16.5-111.5 record) was by far the worst mark by any team in any category. Go Starmakers!

HOT STREAKS & NOT-SO-HOT STREAKS

Most of the teams had a hot or cold streak at some point in the season - which I define as winning or losing 20 or more points per week over at least a four-week period. Some of the good streaks and the weeks they occurred included:

Team # 1 - 118-42 (wks 5-9), 155-37 (wks 19-24)
Team # 3 - 112.5-47.5 (wks 5-9)
Team # 5 - 113.5-46.5 (wks 3-7)
Team # 6 - 97-31 (wks 8-11)
Team #10 - 101-27 (wks 17-20), 103-25 (wks 22-25)
Team #11 - 124-36 (wks 25-29)
Team #12 - 143.5-48.5 (wks 9-14)
Team #14 - 111-49 (wks 14-18)
Team #15 - 114-46 (wks 9-13), 92-36 (wks 15-18)
Team #16 - 175-49 (wks 25-31)
Team #17 - 103-25 (wks 22-25)
Team #18 - 171-53 (wks 14-20), 94.5-33.5 (wks 24-27)
Team #22 - 122.5-37.5 (wks 3-7), 101-27 (wks 20-23), 116-44 (wks 25-29)
Team #23 - 87.5-40.5 (wks 5-9)
Team #28 - 113-47 (wks 1-5)

And, here's some of the not-so-good streaks:

Team # 2 - 42-86 (wks 16-19)
Team # 7 - 48-112 (wks 17-21)
Team # 8 - 30-98 (wks 31-34)
Team #10 - 37-123 (wks 12-16)
Team #14 - 51-141 (wks 30-35)
Team #17 - 46-114 (wks 9-13), 48-112 (wks 29-33)
Team #19 - 53-139 (wks 5-10)
Team #21 - 42.5-213.5 (wks 18-25)
Team #22 - 46-146 (wks 14-19)
Team #23 - 41-119 (wks 20-24)
Team #25 - 36-92 (wks 14-17), 24-136 (wks 19-23)
Team #26 - 41.5-118.5 (wks 31-35)
Team #28 - 50-110 (wks 23-27)

Team #22 wins the 'streakiest team' award as they had three winning and one losing streaks during the season.

THE BEST (AND WORST) OF TIMES, aka THE 'ARNOLD' STAT

In week 34 after being severely whipped by team #24, Scott Arnold came up and asked me what was the most that any team had lost a game by. After many hours of pain-staking research, here's the answer, Scott - turns out your team only got the third worst whipping. All scores below include handicap.

- **Three most one-sided individual games**
 - 132 pins, Jonathan Wilson beat Chris Reyes 326-194 in week 16
 - 130 pins, Brandon Jackson beat Mike Herman 309-179 in week 26
 - 128 pins, John Ludes Jr beat Willie Williams 295-167 in week 2
- **Three most one-sided individual series**
 - 270 pins, John Holtzclaw beat Bob Koester 855-585 in week 2
 - 259 pins, Kit Bunch beat Joey Havens 815-556 in week 14
 - 255 pins, Robert Davis beat sub Travis Lansdowne 901-646 in week 20
(no wonder Travis never subbed again after week 20)
- **Three most one-sided team games**
 - 294 pins, team # 1 beat team # 6 1076-782 in game 2 in week 24
 - 274 pins, team # 6 beat team # 4 1008-734 in game 1 in week 10
 - 253 pins, team #24 beat team #23 1085-832 in game 2 in week 34
- **Three most one-sided team series**
 - 552 pins, team # 1 beat team # 6 3094-2542 in week 24
 - 442 pins, team # 6 beat team # 4 2842-2400 in week 10
 - 432 pins, team # 8 beat team # 9 3005-2573 in week 3

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

THE SEASON IN REVIEW

The 2006-2007 Commercial League season will be remembered for the closure of BAFC in mid-February and having to finish out the season at BA Fairfax. It will also be remembered for one of the best championship matches in league history between team # 1, Bowl America Gaithersburg, and team #18, Scarfcheesi XXI - in a season in which both division winners completed worst-to-first comebacks. Following is a recap of how those two teams got to the week 35 title match.

DIVISION 'A' RACE

The 'A' race started out with a different leader each of the first four weeks (teams #14, # 4, #12 and # 8) before settling down somewhat. Team # 8, Freaktastic Four, held the lead for seven consecutive weeks before team #12 took over the top spot again in week 11, staying in first through week #15. Team # 3, The 10th Pin, was in first place after week 16 - the only week they were to lead the division all year. Team # 1, Bowl America Gaithersburg, recovered from a terrible start to the season (they were dead last in 'A' after week 5) and moved into the 'A' lead for the first time in week 17. Team #12 regained the lead the next week (week 18) for one last time before team # 1 took the lead for good in week 19. By the time the league moved to Fairfax after week 24, Tragert's boys had opened up a 63-point lead. A red-hot Chris Durst played a major role in making sure team # 1's lead was never in jeopardy after that. In fact, the lead was never less than 42 points the rest of the way. Team #12 won 26.5 points in week 34's position round to finish in second place in 'A'.

DIVISION 'B' RACE

The 'B' race was the opposite of the 'A' race in that it went right down to the end of week 34's position round match before a winner was declared. Team #15 led the division each of the first two weeks before team #28, Sports Plus/Carmen Don, took over for a three-week reign in weeks three thru five. Team #22, I.H.N.I., was the 'B' leader in weeks six thru nine, giving up the lead to team #15 in their head-to-head showdown in week 10. Team #15 then held the 'B' lead for the next seventeen weeks (weeks 10 thru 26) and led by as much as 61 points at one point (after week 18). Team #18, Scarfcheesi XXI, moved into the lead for the first time in week 27, completing their own worst-to-first move (they were in last place in 'B' after week 9). Team #16 sparred with team #18 the rest of the way as the two teams went back and forth with the lead the next seven weeks. Team #18 was in first in weeks 27, 28, 29 and 32 while team #16 held the lead after weeks 30, 31 and 33. The Scarfcheesi boys won just enough in week 34's head-to-head match to win the division by 1.5 points over team #16.

SOME LAST MINUTE THOUGHTS

Another Commercial League year is in the books. This was the first season where there was no limit for team entering average and, although the two highest averaging teams won the two divisions, our league format still allows lower average teams to compete on a level playing field with the higher average teams. It is reasonable to expect that next year's format will remain the same.

As has often been pointed out, it will take everyone's cooperation/assistance to add more teams next year. So, how about it - let's all do our share in making that happen. Talk to your siblings, spouses, friends, coworkers, bowling buddies, etc. about joining the Commercial League for the 2007-2008 season.

DATES TO REMEMBER:
