FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2008-09 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average compares with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- John Cover leads the 30-year list in games bowled with 104 games more than the second league member on the list (Mike McKittrick)
- Don Freeman now leads the 25-year list for the most games bowled, having bowled seven more games than John and thirteen more games than Mike McKittrick.
- Scott Williams leads the 20-year list in games bowled. Scott had perfect attendance again this year, giving him a total of only eight missed nights of bowling the last eighteen seasons. He has had perfect attendance in fifteen of the twenty-two years he has bowled in the Commercial League.
- With yet another season with perfect attendance, Dave Chittum leads the 15-year and 10-year lists in games bowled and shares the lead on the 5-year list with Luis Pinto. Dave has missed one night in the last fifteen years. He and Luis are the only two bowlers with perfect attendance the last five years.

2008-09 Commercial League Perfect Attendance

A total of 32 bowlers, sixteen from each division, maintained a perfect attendance record during the year. Participation in pre-bowled and post-bowled matches counts towards perfect attendance.

2008-2009 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH
HIGHLIGHTS FROM WEEK #35 - 6 MAY 2009

Congratulations to team #12, Sherwin-Williams, for winning it all in a tightly contested championship match versus team #23. After splitting the first two games with 8 points each and separated by only five pins for total, the final game went down to the last bowler for each team in the final frame - the difference being a strike for Terry Wiley versus a ring ten pin on a good shot by John Parks. Team #12 ended up winning that game by eight pins and went 20-12 overall. Chhoeun To and Mike Boyd both had 687s to lead team #12's scoring. Team #17 won overall third place with a convincing 21.5-point win against the 'A' division runner-up, team #10, 1 Inch Snow or Ice. Vince Charity (651) and Glenn Callaway (645) led the team #17 effort while Michael Schmal (638) was high for team #10. Again, kudos to each of the top four teams for a fine season!

Scores were low in the final week as the overall league average was a mere 193.3 - 192.6 for 'A' and 193.9 for 'B'. Jason Arnold had the only 700 series with a very nice 754 scratch series. Jason's 276 third game was also the high game on the night and he took home star-of-the-week honors at 163 pins over average.

In addition to the matches of the top four teams mentioned above, the final divisional position round matches saw team # 8, Shelton Crew, win 21 points against team #13, Drunk Monkeys, to finish in third place in 'A'. In 'B', team #19, Starmakers, won its final match by rolling week 35's high team series (2888) and going 19-13 to remain in third place, comfortably ahead of team #21, Over The Hill Gang. Jason Arnold (754) and Don Freeman (652) provided most of the fire power in the Starmaker's big week 35 win.

Chhoeun To (687) booked the league's high average as he finished with a 227.7. Michael Schmal (638) finished second at 221.6 and Mike Boyd (687) finished with third high average at 221.3. Mike Boyd won the individual points won category as he finished with 88 points. Bang Nguyen (84.5 points) edged out Chris Durst (84 points) for second place in the individual points won category.

FOUR-IN-A-ROW 600+ CLUB

Michael Schmal (638) finished the season with the league's longest string of 600s+ at twenty-eight-in-a-row. Darnell Bell (619) finished with a string of eighteen-in-a-row. Luis Pinto (621) winds up with thirteen-in-a-row. Chris Durst (615) and John Parks (613) each ended with twelve-in-a-row. Glenn Callaway (645) made it eleven-in-a-row in the final week and teammates Chhoeun To (687), Terry Wiley (616) and Len Chetti (611) all finished the year with nine-in-a-row. Gabe Kiblin (631) ended with eight-in-a-row while Jason Arnold (754), John Holtzclaw (651) and Andy Anderson (620) had season-ending strings of six-in-a-row. Four bowlers ended the year by becoming four-in-a-row club members - Mike Boyd (687), Don Freeman (652), Steve Shelton (623) and Craig Fisk (617). There were five club dropouts in the final week - Gerry Flemming, Sam Highsmith and Glenn MacCullough out after eight-in-a-row and Thy Kong and Jeff Lee each failed to get beyond six-in-a-row.

RECORD SETTING NIGHTS FOR 2008-2009

The overall average for the season of 198.0 was the second highest end of season average for the Commercial League. A brief summary of this season's best nights follows.

High Avg. Night	202.8	(Week 27 - March 11th)

# 200-249 Games	160	(Week 12 - November 12th)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

In week 1 of this season, team #10, 1 Inch Snow or Ice, became only the fourth team in the seven years of using our current format to go a perfect 32-0. Six other teams came close this year by going 31-1 (team # 3, team # 5, Bowl America Gaithersburg, team #12, Sherwin-Williams, team #13, Drunk Monkeys, team #17 and team #23). Even winning more than 28 points or more in a match is no easy task. This season that was only done 68 times in the 490 matches that took place. The 'B' division champs, team #23, won 28 or more points on seven different occasions to lead the league in that category. On the other end of the spectrum, team # 1, Too Many Weapons, failed to win at least four points on four different nights, earning the dubious distinction of leading that category.

The following table shows the number of times that each team won the number of points indicated in the last eight columns.

EVEN MORE TEAM STATS

TOP WINNING PERCENTAGES The table below lists the top five teams in each division with the best winning percentages for regular rounds, divisional position rounds, and interdivisional position rounds. Team #21 had the best winning percentage in any category by posting a 90-38 record during 'A' vs 'B' position rounds for a .703 winning percentage. Team #12 in 'A' and team #17 in 'B' were the only two teams that placed in the top five winning percentages in each of the three categories.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

Examining the stats at the end of the year is kind of like examining forensic evidence to find a killer. In fact, you can often find what 'killed' a team's chance to win it all on the season. One of the more telling stats is always how well the opposition bowls against your team week in and week out. Carry that one step further and look at how well your nearest competitors had teams bowling against them. As a case in point, this year in division A, teams #12 and #10 had the two highest scratch averages in the league and ended up first and second in the division - with team #12 edging out team #10 by one-half point. But team 12's opponents average per game ranked 11th in the division while team #10's opponents average per game ranked 5th. Could that have accounted for a half-point difference over the season? I think so. And the B division story is similar. Team #17 was the highest averaging team in the division but finished second behind team #23. Team 17's opponents average per game was the third highest in the division while team #23's opponents average per game ranked 12th. So once again the stats seem to confirm that, yes, you still have to bowl well to have a chance to win but it also helps if the opposing team isn't always having their best night against you. And, as proof that the other side of that argument also has merit, if you are catching the hot teams every night, you might finish in or near last - just ask teams # 7 and #11 who tied for 12th in 'A' and had the 1st and 2nd highest opponents average per game shot against them in 'A' this year.

THE 2008-2009 SEASON IN REVIEW

The 2008-2009 season will be remembered as the year the league returned 'home' and for the exceptionally close races in both divisions. Let's review how those races unfolded.

DIVISION 'A' RACE

During the course of the season, the 'A' division had six different teams that were in first or tied for first. Team #10, I Inch Snow or Ice, got off to a fast start by going 32-0 in week 1 and was in first or tied for first (week 2 with team #12, Sherwin-Williams) for the first three weeks. Team # 6, The Four Horsemen, and team # 8, Shelton Crew, shared the lead back and forth in weeks 4-8. Team #5, BA Gaithersburg, made it's only appearance in first place in week 9. In week 10 team #4, Myer-Emco, and team # 6 were tied for first. Team # 4 had sole possession of first in weeks 11-15 before being displaced by team # 6 in week 16 and 17. Team # 4 regained the lead in week 18 and held it for a total of ten more weeks (weeks 18-27), building up as much as a 32-point lead (in week 23) along the way. But the wheels fell off for team # 4 the rest of the way as they suffered seven straight losing weeks and ended up fifth in the division. Team #10 overtook team # 4 in week 28 on the strength of a six-week winning streak which included back-to-back 30-2 nights. Team #10 held first place in weeks 28-33 and had the largest lead of any team this year at 36 points after week 32. However, that lead evaporated over the next two weeks when they went 20-44 while team #12, Sherwin-Williams, went a combined 60-4 in weeks 33 and 34 - good enough to give team #12 the 'A' title by one-half point over team #10. As recounted on page 13, team #12 then went on to win the league championship match in week 35.

DIVISION 'B' RACE

The 'B' division had eight different teams in first during the year. Team #17 started the year at 31-1 in week 1 and was a factor all year. After team #17 held first place for the first three weeks, team #24, Duvall Bonding, took their turn in first for the next three weeks. Team #16, Silent Paws, took over first place in week 7 but was overtaken by team #20, Toilet Bowlers, in week 8. Team #20 held the top spot thru week 11. The next four weeks then saw three different front runners - team #16 in week 12, team #27, Carpet Yard, in week 13, and team #24 in weeks 14 and 15. Team #27 regained the lead in week 16 but gave it up to team #16 in week 17. Teams #16 and #27 shared first place in week 18 but team #16 held sole possession of first in weeks 19-21. Team #21, Over The Hill Gang, made their first appearance in first place in week 22 and held the lead for four consecutive weeks. In fact, team #21 enjoyed the largest lead all year in the 'B' race - an 18.5-point lead after week 22. Another newcomer to first place took the lead in week 26 and that was team #23. Team #17 was in first place for weeks 28 and 29 before being overtaken in week 30 by team #19, Starmakers - the only week that team #19 was in first all season. Team #21 regained the lead in week 31 only to be ousted in week 32 by team #23, which held onto first the rest of the way. Team #17 made a good run at the 'B' title in week 34's position round but came up 4.5 points short.

SOME LAST MINUTE THOUGHTS

Another very competitive Commercial League season is in the books.

As has often been pointed out, it will take everyone's cooperation/assistance to add more teams next year. Currently, I have input on three new teams next season - but we have room for lots more. So, how about it - let's all work towards expanding the league. Talk to your siblings, spouses, friends, coworkers, bowling buddies, etc. about joining the Commercial League for the 2009-2010 season.
