FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2009-10 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average compares with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- John Cover leads the 30-year list in games bowled with 103 games more than the second league member on the list (Don Freeman)
- Mike McKittrick now leads the 25-year list for the most games bowled, having bowled one more game than Don Freeman and three more games than John Cover.
- Scott Williams leads the 20-year list in games bowled. Scott had perfect attendance again this year, giving him a total of only eight missed nights of bowling the last nineteen seasons. He has had perfect attendance in sixteen of the twenty-three years he has bowled in the Commercial League.
- With yet another season with perfect attendance, Dave Chittum leads the 15-year and 10-year lists in games bowled and shares the lead on the 5-year list with Luis Pinto. Dave has missed one night in the last sixteen years. He and Luis are the only two bowlers with perfect attendance the last five years.

2009-10 Commercial League Perfect Attendance

A total of 19 bowlers maintained a perfect attendance record during the year, eight from 'A' and eleven from 'B'. Participation in pre-bowled and post-bowled matches counts towards perfect attendance.

2009-2010 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH
HIGHLIGHTS FROM WEEK #35 - 5 MAY 2010

Congratulations to team #14 as they won the league championship in an exciting match with team #27, SW Contracting. After winning 11.5 points the first two games and jumping out to a 126-pin lead on total pins, team #14 had to hold off a furious third game charge by team #27 that went right down to the final frame by the two anchor bowlers to decide the outcome. Scott Wilson did his job as he doubled in the tenth which forced Chris Blackmore to do the same to ensure his team's victory. And, for the second consecutive week, Chris carried his team to victory by striking out in the tenth. In the end, team #14 lost game three by 115 pins, but ended up winning total pins by 11 and the match (18.5-13.5). In another close match between the two division runners up, team # 7, Bowl America Gaithersburg, overcame a 44 total pin deficit going into the third game and ended up with a 19-13 point win against team #25, Controlled Chaos. Thanks to each of the top four teams for an entertaining final night and congratulations to each for a fine season!

Phil Hill (799) was the top headliner in week 35 as he fell one pin short (thanks to a 7 count on his final ball after doubling on his first two shots in the tenth) of having the league's sixth 800 series of the season. That catapulted Phil into first place in the individual series handicap category with a 907 score - taking out the previous high of 901 that John Parks had set way back in week 10. At 217 pins over average, Phil easily captured star-of-the-week honors. There were a total of ten series over 700 on the final night. After Phil's 799 came Mike Clark's 759, John Tragert 731, Chhoeun To 730, Robert Diggs 728, Chris Blackmore 719, Andy Blazejewski 710, Scott Yoon and Joey Havens each with 709, and Mike Minor's 703. Mike Clark had the high scratch game with a 299 second game.

Although the league championship and league runners up matches were exciting, the two highest scoring teams of week 35 were facing each other in another closely contested match. Team #21, A/R Funding, and team #22, The Real Redskins, bowled 3037 and 3019 team totals, respectively, with team #21 coming away with a 17 to 15 point win. Nice bowling!

Chhoeun To's 730 series gave him a 232.8 final average to top that category. Josh Keller (662) finished with second high average at 229.0 and Terry Wiley (679) was third with a 226.6 average. Lee Shelton (86 points) ended up edging out Scott Wilson (85.5 points) in the individual points won category. John Tragert finished third in that category with 84.5 points won.

FOUR-IN-A-ROW 600+ CLUB

Chhoeun To (738) became our league's first ever regular member to go the entire season without rolling a series under 600 as he was 33 for 33. Josh Keller's 662 put him on 16-in-a-row to end the year and his only set under 600 was a 580 series in week 15. Frank McCarthy (638) finished with 14-in-a-row. Robert Greenburg (657) joined an idle AJ Bernardo at 9-in-a-row. Len Chetti (658) and Rich Lucey (645) finished with 7-in-a-row. Four club members ended with 6-in-a-row - subs Andy Blazejewski (710) and Mike Minor (703), Terry Wiley (679) and Dave Chittum (649). Eight members moved to 5-in-a-row - Phil Hill (799), Del Blankenhagen (683), Tim Zelek (681), Mike Boyd (670), Thy Kong (669), Steve Sipe (666), Chris Chittum (640) and Willie Williams (632). Robert Diggs (728) and Carlos Ramos (652) made it 4-in-a-row on the final night. There were three club dropouts in the final week - Gabe Kiblin after 11-in-a-row, Michael Schmal after 9-in-a-row and Ray Riggles after 4-in-a-row.

RECORD SETTING NIGHTS FOR 2009-2010

The overall average for the season of 196.8 was the third highest end of season average for the Commercial League. A brief summary of this season's best nights follows.

High Avg. Night	202.5	(Week 27 - March 10th)
# 700 Series	12	(Week 15 - Dec 9, Week 32 - Apr 14)
# 650-699 Series	23	(Week 33 - April 21st)
# 600-649 Series	36	(Week 28 - March 17th)
# 250 Games	27	(Week 32 - April 14th)
# 200-249 Games	165	(Week 27 - March 10th)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

No team recorded a perfect 32-0 record this season, a feat accomplished only four times in the eight seasons we've been using the 32-point format. There were five times this year that teams got close by going 31-1. Team # 4 did it twice while teams #17, #24 and #25 did it once each. Even winning 28 or more points in a match is no easy task as it was done only 72 times in the 490 matches that took place. Team # 3 in 'A' and team #18, Sherwin-Williams, in 'B' won 28 or more points on six different occasions to tie for the league lead in that category. On the other end of the spectrum, team #15 and team #16, No Carry, failed to win at least four points on four different nights, earning the dubious distinction of tying for the lead in that category.

The following table shows the number of times that each team won the number of points indicated in the last eight columns.

FOR LADIES ONLY

Although we do not recognize our top female bowlers with a separate women's prize list, this section does reflect their top scores for the season in each category. In order for a score to be shown, the women must have bowled at least 72 games in the league. As shown below, Cassandra Shivers took high average honors and had the high scratch and handicap series categories. Bonnie Wiley had the high scratch and handicap games while Lee Shelton won the points won category for both the women and the men.

MORE TEAM STATS

During the 2009-2010 season there were a total of 1,230 scratch team games over 800. A breakout by games 1, 2, and 3 for each division follows.

SCRATCH TEAM GAMES OVER 800

		GAME 1	GAME 2	GAME 3	TOTAL
DIV 'A'	900+	27	26	20	73

TOTALS	800-899	338	357	365	1060

- Team #18 had the most team games over 800 scratch (97).
- Team # 7 had the second most 800+ scratch team games (76).
- Team #17 had the fewest team scratch games over 800 (2).

The average first game team handicap score was 922.8. The second game (930.3) was the highest scoring game while the third game average (924.2) was six pins lower, probably a result of drier lane conditions by the time we reached game three. The following table shows the high handicap team game break out.

HANDICAP TEAM GAMES OVER 900

- Team #18 had 25 of the league's 73 team series over 2600 scratch.
- Teams # 7 and #25 tied for second with 7 series each over 2600 scratch.
- Team #15 had the most handicap sets over 2800 - 20.
- Teams # 5 and #22 tied for the fewest handicap series over 2600 - 30.

HOW DID THIS YEAR'S LEAGUE AVERAGE COMPARE TO THE LAST TWO YEARS?

The league average this year was slightly below last year's average but was still high enough to be the third highest per bowler average in league history. The following shows how the Commercial League has faired average wise for the past three seasons.

EVEN MORE TEAM STATS

TOP WINNING PERCENTAGES The table below lists the top five teams in each division with the best winning percentages for regular rounds, divisional position rounds, and interdivisional position rounds. Team # 3 had the best winning percentage in any category by posting a 121-39 record during divisional position rounds for a .756 winning percentage. Our league champions, team #14, was the only team that placed in the top five winning percentages in each of the three categories.

- Four teams posted a .500 or better winning percentage in each of the three categories - two in 'A' (teams # 3 & #14) and two in 'B' (teams #23 & #26).
- At the other extreme, only three teams had sub-.500 winning percentages in all three categories (teams# 2 & #12 in 'A' and team #20 in 'B').
- Team #22 had the lowest winning percentage by any team in any category after finishing 17-111 in 'A' vs 'B' position rounds for a .133 winning percentage (or should I say .867 'losing' percentage - sounds better!).

THE BEST (AND WORST) OF TIMES

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To end up as the Commercial League champions, your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. It is common place to see some of the top teams with the lowest opponent's average bowled against them. Similarly, some of the bottom finishing teams seem to have hit the hot teams more than their fair share. As a case in point, this year in division A, team #14 won the division and had the lowest opponents average rolled against them while, on the flip side, the last place team in 'A' (team # 2) had the highest opponent's average shot against them. Likewise, team # 7's second place finish in 'A' was no doubt aided by the fact that their opponent's per game average was ranked 12th in the division - a full 24 pins behind the 938.67 per game average that poor team # 2 faced during the year. Oh, and what did that get team # 2, the team with the second highest scratch average in the division? Nothing but dead last place in 'A'. As another example, look at division 'B'. Teams #15 and #16 finished in 13th and 14th place, respectively, but had the first and second highest opponents average rolled against them during the season. So once again the stats confirm that, yes, you have to bowl well to have a chance to win, but it is also helpful if you are lucky enough to avoid the hot teams each week.

THE 2009-2010 SEASON IN REVIEW

The 2009-2010 season will be remembered as the year we experimented with dropping the seven-pin drop rule - an issue sure to be revisited at our organizational meeting in August. It was also another year of exceptionally close races in both divisions. Following is a recap of how those races unfolded.

DIVISION 'A' RACE

During the course of the season, the 'A' division had seven different teams that held first place. Team # 4, Toilet Bowlers, got off to a fast start by going 31-1 in week 1, which turned out to be the only week they were in first all year. Team #13, Shelton Crew, was on top of 'A' in weeks 2 thru 4. Team #14, the eventual division winner and league champion, made their first appearance in first place in week 5 and held onto first thru week 7. Team # 1, Mac Attack, made a one-week stop atop the 'A' standings in week 8. Team # 8, Drunk Monkeys, then took over first place for eight consecutive weeks, weeks 9 thru 16. Team 8's reign ended when team # 7, Bowl America Gaithersburg, whipped them badly in consecutive weeks (week 17's regular round and week 18's position round). That also moved team # 7 into the 'A' lead in week 17, a position they held for 16 of the next 17 weeks. John Tragert's team was the dominant team in 'A' for most of the year and at one point held the largest lead over second place - 38.5 points ahead of team # 3 after week 24. In week #29, team # 3 made their only appearance in first place as they held a one-half point lead over team # 7. But team # 7 regained first place in week 30's 'A' versus 'B' position round and held it until team #14 edged them out in week 34's crucial position round. Team #14 had a great run the last third of the season as they booked a 239.5-112.5 record in weeks 24 thru 34. As recounted on page 13, team #14 then went on to win the league championship match in week 35 against team #27, SW Contracting.

DIVISION 'B' RACE

The 'B' division had six different teams in first during the year. Team #22, The Real Redskins, started the year at 30-2 in week 1, which turned out to be their only week in first place all year. Team #20, Military Might, enjoyed a good early run in 'B' as they held the top spot in weeks 2 thru 12. Team #18, Sherwin-Williams, took over the 'B' lead in week 13 and, with a one-week exception, held onto the lead thru week 25. That lone exception was in week 15 when team #26, Strike Back, held a one-half point lead over team #18. Although team #18 dominated the middle third of the season in 'B', they had a tough last third of the season and eventually ended up in sixth place in their division. Team #25, Controlled Chaos, moved into the 'B' lead for a two-week stay in weeks 26 and 27. Team #26, Strike Back, made their second and last appearance atop 'B' in week 28. In week 29, team #27, SW Contracting, moved into first place in 'B' for the first time and never relinquished the lead after that - although their week 34 showdown with team #25 did go down to the final game. Team #25 made a good run at the 'B' title in week 34's position round but came up 6.5 points short after they lost week 34's third team game.

SOME LAST MINUTE THOUGHTS

Another very competitive Commercial League season is in the books.

As has often been pointed out, it will take everyone's cooperation/assistance to add more teams next year. As of right now, we have six teams not returning and I have input on one new team and several individual bowlers wanting to join next season. We obviously have room for lots more. So, how about it - let's all work towards expanding the league. Talk to your siblings, spouses, friends, coworkers, bowling buddies, etc. about joining the Commercial League for next season.

DATES TO REMEMBER:

- June 7th - Monday Scratch Trio Summer League starts, meeting at 7:15 p.m., bowling starts at 8 p.m. (Modified Match Point, 636 max - see RT for details)
- August 25th - 2010-11 Commercial League organizational meeting, 8:00 p.m.
- September 1st - 2010-11 Commercial League season starts at 8:45 p.m.

See you in August. Have a nice summer! Call me or email me regarding new teams or individual bowlers wanting to join a team.
