FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2018-19 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Fifteen current league members have enough sustained longevity in the league to have appeared on all six lists. In alphabetical order, they are - Andy Anderson, Bryan Anderson, Kevin Anderson, Pat Dishner, Noel Dysart, Richard Ernst, Don Freeman, John Holtzclaw, Gabe Kiblin, Mike Manolis, Hollis McMullen, Scott Miller, Luis Pinto, Scott Williams and Scott Wilson.
- Teammates Scott Williams (3117 games) and Don Freeman (3000 games) have the most games bowled on the 30-year list. Mike McKittrick is third on the 30 year list with 2722 games, 278 games behind Don.
- Scott Williams leads each of the lists in the number of games bowled. Once again Scott had perfect attendance this year which gives him perfect attendance in twenty-five of the thirty-two years he has bowled in the Commercial League, including perfect attendance the last eleven years.
- John Holtzclaw and Pat Dishner are tied with Scott Williams for the most games bowled the past five seasons as they have each had perfect attendance over that time span.
- Mike Manolis appears in each of the six tables and has the highest cumulative average for the bowlers appearing on the 30 year, 25 year and 20 year lists. He has the second highest cumulative average on the other three lists. Glenn MacCullough out averaged Mike on the 15 year and 10 year lists. Gabe Kiblin has the highest cumulative average for those bowlers on the 5 year list.

2018-19 Commercial League Perfect Attendance

Thirteen bowlers maintained a perfect attendance record during the year, three in 'A' and ten in 'B'. Pre-bowled and post-bowled matches count towards perfect attendance, as does a night when a bowler bowls only one or two games.

'A' Division

- 3 - Chris Price
- 4 - Jonathan Butler
- 9 - Tom Knox

'B' Division

- 11 - Scott Williams
- 11 - Brian Sesso
- 12 - Bryan Anderson
- 13 - Pat Dishner
- 13 - Roland Beach
- 15 - Tyler Miller
- 16 - Hollis McMullen
- 16 - John Holtzclaw
- 18 - Mike Maerz
- 19 - Bennett Gardner

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. Team # 4, A/R Funding, was the only team with multiple winning streaks as they did it twice. The two division champs (teams # 4 and #19, Blind Squirrels) tied for the longest winning streak of the season as they each had a 7-week stretch of winning 20 or more points. Three teams (#12, #18 and #20) never experienced that four-week good or bad streak this season. Below are all this season's team winning and losing streaks and associated composite won/lost records.

2018-2019 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH

HIGHLIGHTS FROM WEEK #36 - 8 MAY 2019

Congratulations to team # 4, A/R Funding, who prevailed over team #19, Blind Squirrels, in the league championship match. It started out as a close affair as team # 4 won game 1 by just 10 pins and held a slight 5-3 point advantage. But team # 4 let it all out in game 2 which a 133-pin win 981-847. Although team #19 won game 3 by 17 pins, the outcome was in little doubt after game 2 and team # 4 ended up with a 19-13 victory. The outcome of the match between the two division runner ups was not decided until the third game. After the first two games the teams were tied with 8 points each and team # 2 had a slight 16-pin lead on total pins over team #18, Over The Line. But team # 2 won the third game by 67 pins and ended the season with 20-12 point win and a third-place overall finish in the standings. Kudos to each of the top four teams for a great season!

With tacky approaches and drier lane conditions, the scoring pace was down in week 36 with the overall league averaging 191.7. There were three 700s with sub Jerry Owens' 751 being the highest. Jerry also had the week's high scratch game with a 290 in game 2. Josh Hurdle's 722 was key in propelling team # 4 to the league championship and sub Andy Blazejewski rolled a steady 719 series. Josh Hurdle was also star of the week at 89 pins over his average.

It came as no surprise that Chris Price (620) finished with the league high average at 225.7. Gabe Kiblin had the league's second-high average with 221.5. Maurice Ross (607) was third high average at 218.2 and Robert Diggs (632) finished fourth at 217.1. Bennett Gardner swept his points in week 36 to win the individual points won category with 84 points. Glenn MacCullough finished second in that category with 82 points won. Jason Hoffert ended up third with 81.5 points won and Josh Hurdle was fourth with 80 points won.

After the final week's position round there was very little change in third through tenth places within each division. The lone exception was in 'A' where team # 3, Seis Manos, went 25-7 and switched places with their opponents, team #10, to finish seventh and eighth, respectively. Subs Jerry Owens (751) and Andy Blazejewski (719) led team # 7 to the high team handicap series in week 36 with a 2833 total.

FOUR-IN-A-ROW 600+ CLUB

Chris Price (620) finished off the season with a perfect thirty-six-in-a-row. Andy Blazejewski (719) also shot over 600 every night he subbed to end up with sixteen-in-a-row. Glenn MacCullough (694) ended strong with eleven-in-a-row. Robert Diggs (632) wound up in double digits at ten-in-a-row. Michelle Booth (602) closed out with six-in-a-row and teammate Jonathan Butler (663) advanced to five-in-a-row. Five league members rejoined the four-in-a-row club in week 36 - Scott Williams 659, Bryan Anderson 642, Glenn Feagans 616, Dan Test 614 and Bennett Gardner 604. Four bowlers were club dropouts in the final week - Mike Manolis, Derek Vandertang and Ricky Staton Sr after 6-in-a-row and Tyler Miller after 5-in-a-row.

SEVERAL REMINDERS

- Anyone bowling in our league (regular or subs) must fill out a membership card application (see me for a blank one). Team captains are responsible for making sure their subs and new roster members have filled out a membership application for the Commercial League before they bowl.
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. Let me know if you want to be added to the Commercial League email list. The standing sheet is also posted on the www.bowl.com web site. Our league code for this season is '10394'.

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Three bowlers who did not bowl this season still carry the leading averages based on the criteria I used. Chhoeun To carries the high composite average for four of the six periods shown. Rich Lucey Jr leads the 10-year list and Andrew Blackmore heads up the 5-Year list.

RECORD SETTING NIGHTS FOR 2018-2019

The overall average for the season was 195.5, just slightly higher than last season's average of 195.3. A brief summary of this season's best nights follows.

High Avg. Night	203.05	(Week 27 - 6 Mar)
# 700 Series	8	(Week 27 - 6 Mar & Week 28 - 13 Mar)
# 650-699 Series	19	(Week 20 - 9 Jan)
# 600-649 Series	27	(Week 24 - 6 Feb & Week 25 - 13 Feb)
# 250 Games	17	(Week 16 - 12 Dec)
# 200-249 Games	113	(Week 27 - 6 Mar)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There were no clean sweep (32-0) matches this season, a feat accomplished only 12 times in the previous fifteen seasons that we've been using the 32-point format. Two teams came close with 31-1 records (team # 5 versus team # 4 in week 22 and team 15 versus team # 1 in week 26).

Winning 28 or more points in a match is also no easy task as it was done only 49 times in the 360 matches that took place. Two teams did five times on the year - team # 5 in 'A' and team #18, Over The Line, in 'B'. On the other hand, two teams never won 28 or more even once - team # 6, Revenge of the Turkeys, in 'A' and team #16, Bethesda Navy in 'B'.

It comes as no surprise that the two division winners (team # 4, A/R Funding, in 'A' and team #19, Blind Squirrels, in 'B') won 20 or more points the most times in the league. Team #19 did it 21 times on their way to the league's best record at 706.5-445.5. Team # 4 won 20 or more points on 19 different nights. And those two teams were also the best at avoiding the big losing nights. Each of them won less than 8 points only twice all season. And the two division runners up were the next most successful at avoiding big losses. Team # 2 and team #18 won less than eight points only three times all season.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

FOUR-IN-A-ROW 600+ CLUB

Forty-six different bowlers had at least one string of four consecutive 600 series or better. Chris Price led the way with his perfect thirty-six-in-a-row. Andy Blazejewski also never rolled under a 600 series in the sixteen weeks that he subbed. Twenty-six bowlers made it to the club more than once. Tyler Miller, Thomas Giles and Glenn Feagans each made it into the club on four different occasions this season. Chris Price obviously had the most combined weeks in the four-in-a-row club with 36. Gabe Kiblin had the second longest string of 600s this season with 22-in-a-row and spent a total of 31 combined weeks after having another string of 9-in-a-row.

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule and carried the top averages in our league. Chris Price had the league's high average to head up the first string all-star team. Glenn MacCullough and Maurice Ross are repeaters from last year's first string team. Gabe Kiblin moved up from last year's second string and Robert Diggs rounds out this year's first string. Tyler Miller, a first-string all star last season, leads the second string this year and is joined by four new all stars.

EVEN MORE TEAM STATS

TOP WINNING PERCENTAGES - The table below lists the top five teams in each division with the best winning percentages for regular rounds, divisional position rounds, and 'A' vs 'B' position rounds. Teams #12 had the best winning percentage in any category by posting an .802 winning percentage with a 77-19 record in its three 'A' vs 'B' position round matches. Only three teams placed in the top five winning percentages in each of the three categories - teams # 2, # 4 and #18.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To be the Commercial League champion your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. That held true again this season in that the two division winners (team # 4, A/R Funding, and team #19, Blind Squirrels) had two of the lower opponent's average bowled against them all season. Some of the lower finishing teams have the opposite experience, i.e. they seem to have the opposition bowling above average against them every week. Both last place teams this season (team # 1 and team #16, Bethesda Navy) had the highest opponent's average bowled against them in their respective divisions.

Of course other factors in addition to the scratch, handicap and opponents' average per game come into play during the nine-month long season. To win the division title you have to win your matches against the other teams within your division. It comes as no surprise that the top two teams in each division this season had the best winning percentages in their regularly scheduled division matches. Winning streaks and avoiding big losing nights are also important. Both division winners had seven-week winning streaks and neither had a losing streak of four or more weeks. And both teams # 4 and #19 won less than eight points only twice all year - the only two teams to do that.

Another factor in winning the division title sometimes depends on how well the first place team fared against the eventual runner up in their division. This season both division winners had winning records against the runner-up teams. In 'A', team # 4 held a 53-43 advantage in their three matches with team # 2. In 'B', team #19 defeated team #18 by a 41-23 margin the two times they met.

THE 2018-2019 SEASON IN REVIEW

The 2018-2019 season featured divisional races that were pretty much over by the last third of the schedule. There were some interesting parallels between the two division winners. Team # 4, A/R Funding, and team #19, Blind Squirrels, moved into first place in their divisions for the first time at the season's half-way point, week 18. Both had a 7-week winning streak in the second half to solidify their holds on first place. With a 64-point division lead, team #19 didn't even have to bowl the second-place team in the week 35 position round. Team # 4 wasn't quite that lucky but did prevail thanks in part to their 11.5-point lead over team # 2 going into that week 35 match. Team # 4 then won the league championship over team #19 in week 36. That match is summarized on page 13. Following is a recap of how this season's divisional races unfolded.

DIVISION 'A' RACE

Seven of the ten teams in 'A' were in first place at some point during the season. Team # 3, Seis Manos, was in first for its only time after week 1. Team # 9, Bowling Team Assemble, spent the next three weeks in first place before giving way to team # 1 for weeks 5 thru 7. Team # 5 was in first place for weeks 8 thru 15, although they had to share the week 15 lead with team # 6, Revenge of the Turkeys. Team # 8, Out of Bubble Gum, took over first place in 'A' for weeks 16 and 17 before being replaced by team # 4, A/R Funding. Team # 8 did retake the 'A' lead briefly in weeks 22 and 23, but after that team # 4 held the lead the rest of the way. Team # 2 was one of three teams that was never if first in 'A' but they did finish as the runner-up in 'A' and third place overall for the year.

DIVISION 'B'

Division 'B' only had three teams that were in first place during the season. Team #17 started the year in first and was in the top spot for five different weeks as they flipped back and forth with team #11 for the first 17 weeks. Team #19, Blind Squirrels, moved into first place for the first time in week 18. Team #11 fought their way back into the 'B' lead in weeks 19 and 20 only to see team #19 take over first place for the rest of the way starting in week 21. Just as was the case in 'A' this year, team #18 finished the season in second place in 'B' despite never having led the division for a single week. Team #18 finished in fourth place overall as they lost to team # 2 in the week 36 position round.

SOME LAST MINUTE THOUGHTS

As always, we could use everyone's help in recruiting individual bowlers and/or teams for next year's league. We will keep our 7 p.m. starting time. All 20 of this season's teams signed up to return next season but we still have room to add teams. It was really nice not having to use a blind team this year so if we could pick up four more teams we could do without a blind team next season too.

Hard to believe it has been over two years since Reggie left us. This season our league will be donating \$2,377 to the Reggie Rich Tribute Fund in his memory. The proceeds are used to support the youth bowling program here at BAFC. A special thanks to Jose Vega for selling 50/50 tickets each week to make that donation possible. Also, thank you John Hendrick and Ted Lutz for donating your winnings and making matching donations. The fine example you have set resulted in many additional individual donations. Thanks to all others who gave. Well done! An update on the Reggie Rich Tribute Fund is on page 18.
