

## **PINBUSTERS LEAGUE GIVES MARY WHITE A BIRTHDAY SURPRISE**

A surprise 82nd birthday party was recently held for Mary White of the Pinbusters League at Bowl America Glassmanor.

This octogenarian bowler, retired from her thirty-seven year stint at the Government Printing Office for only the last four years, bowls in two leagues where she averages 147 and 139. Mary's highest series is a 555 on consistent games of 185, 187 and 183. This

was rolled when she was a "young" 80!

Mary apparently doesn't get enough bowling, for she once again wants to participate in *four* leagues a week! When not on the lanes, she enjoys working puzzles, playing poker, pinochle and the piano.

Mary and her husband, Booker, have been bowling since 1966.

Mary always tries to make it to the lanes, even when her car is not working. When that situation arises, she walks to the lanes—and brings her bowling ball in a shopping cart!

Happy Birthday, Mary!
